

Curriculum Vitae

Hans-Christian Hilse

CURRENT POSITION

Name of company

Knorr-Bremse SfS GmbH

Head of Innovation Partnerships

Job position

PROFESSIONAL BACKGROUND

Christian Hilse joining Knorr-Bremse in Munich in 1998 as a sales engineer and project manager in international railway projects. In this function he was responsible for projects like the Oresund Train, the Metro in Stockholm and the Metro in Munich. After that Christian Hilse took over the sales responsibility for Siemens Germany for mass transit projects. In 2008 he founded the project management office at KB and implemented standardized processes, methods and project tools for customer projects in more than 30 locations in 5 continents. Today Christian Hilse is leading the department for "Innovation Partnerships" for the Knorr-Bremse Rail division. In Brussels he has mandates in Shift2Rail and UNIFE.
